The Medical Brief, published at St. Louis, says in the June, 1884, issue: "Many have become victims to the use of opium or morphine, from the use of those drugs for the relief of Neuralgia. It is gratifying to observe that such dangerous consequences may be averted by the use of Toxoalink, which is almost a specific in the acute form of Neuralgia."

ROBUST HEALTH

Is not always enjoyed by those who seem to possess it. The taint of corrupted blood may be secretly undermining the constitution. In time, the poison will cer-tainly show its effects, and with all the more

virulence the longer it has been allowed to permeate the system. Each pimple, sty, boll, skin disorder and sense of unnatural

lassitude, or languor, is one of Nature's warnings of the consequences of neglect.

Ayer's Sarsaparilla

Is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruptions of the blood. It is the only alterative

that is sufficiently powerful to thoroughly cleanse the system of Scrofulous and Mercurial impurities and the pollution of Contagious Diseases. It also neutralizes the poisons left by Diphtheria and Scarlet Fever, and enables rapid

recuperation from the enfeeblement and deblity caused by these diseases.

Myriads of Cures

Achieved by AYER'S SARSAPARILLA, in

the past forty years, are attested, and there is no blood disease, at all possible of cure, that will not yield to it. Whatever the aliments of this class, and wherever found,
